Therapy Information Management Solution

*Electronic School-Based Records
System (ESR)TM*

Spend Time Where it Matters

For Therapist, By Therapist

This system was uniquely designed and developed by a team of special educators and therapists working side by side. It continues with its commitment to therapists utilizing their knowledge and expertise of therapy management to build out the user experience. Routine therapist user groups contribute their feedback and suggestions making this truly a system by therapists for therapists.

EPIC offers a dedicated support team to therapists that continues to assist and develop a premiere therapy management solution.

System Benefits

- ◆ Therapist Paperwork Reduction
- ◆ Automated Session Scheduler
- ◆ Student Progress Monitoring
- ◆ SOAP Notes Meet Audit Requirements
- ◆ Automated Signatures
- ◆ Fast, Accurate Medicaid Billing and Reimbursement
- ◆ Anytime, Any Device
